The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, call (844) 347-4239. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible?	$200/individual or $600/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Most services where only a copayment is applicable are covered before you meet your deductible. The plan also offers HRA Benefits that may be used to offset all or a portion of your deductible.	This plan covers some items and services even if you haven't met the deductible amount. But a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	In-Network: $600/individual The plan also offers HRA Benefits that may be used to offset all or a portion of your out-of-pocket expenses.	The out-of-pocket limit is the most you could pay in a year for covered services.
What is not included in the out-of-pocket limit?	Deductibles, Out-of-Network charges, copayments, dental, vision, Prescription Drugs, premiums, balance billing charges and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.

Will you pay less if you use a PPO provider?	Yes. See http://welcometouhc.com/uhss or contact the fund office at (877) 347-4239 for a list of PPO providers.	This plan uses a provider network. You will pay less if you use a PPO provider. You will pay the most if you use an Non-PPO provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your PPO provider might use a Non-PPO provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
