

The healthcare app that's made for mobile but *designed* for you.

Want to check your healthcare account balances and submit receipts anywhere, anytime? There's an app for that!

CompuSys of Utah, Inc's HRA Benefits app enables you to easily and securely access your healthcare spending accounts. You can view account balances and detail, submit healthcare account claims, and capture and upload pictures of your receipts anytime, anywhere on any iPhone, Android or tablet device. You can also sign up to receive account alerts via text message.

But wait, there's more to it...

It takes a special understanding of use and purpose to design a mobile app for handheld devices like smartphones and tablets. So we've focused on just that—smart, purposeful design. And the result? A simple, intuitive experience for you. This means things like “easy-in/easy-out access” to common tasks like capturing receipts and viewing balances; and pictures and words where pictures and words make sense. Try it and you'll see how we're simplifying the business of healthcare.

HRA Benefits, the newest mobile app from CompuSys of Utah Inc., provides time-saving options¹ for you to:

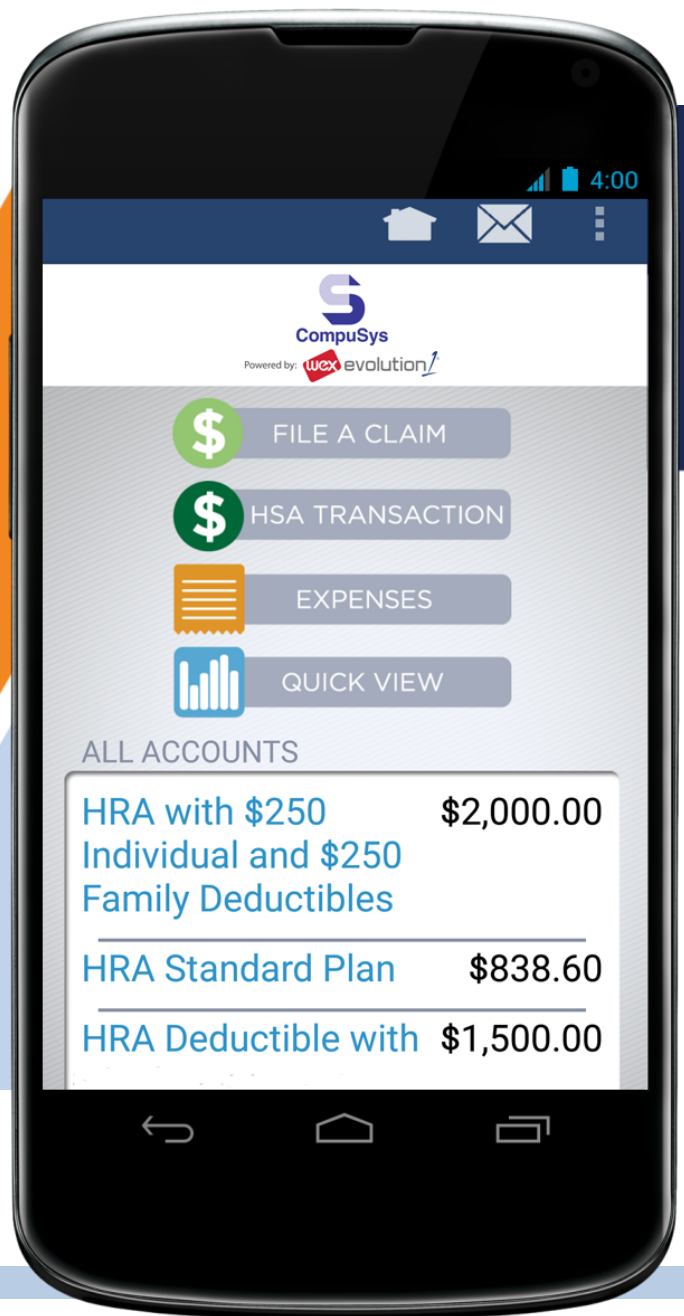

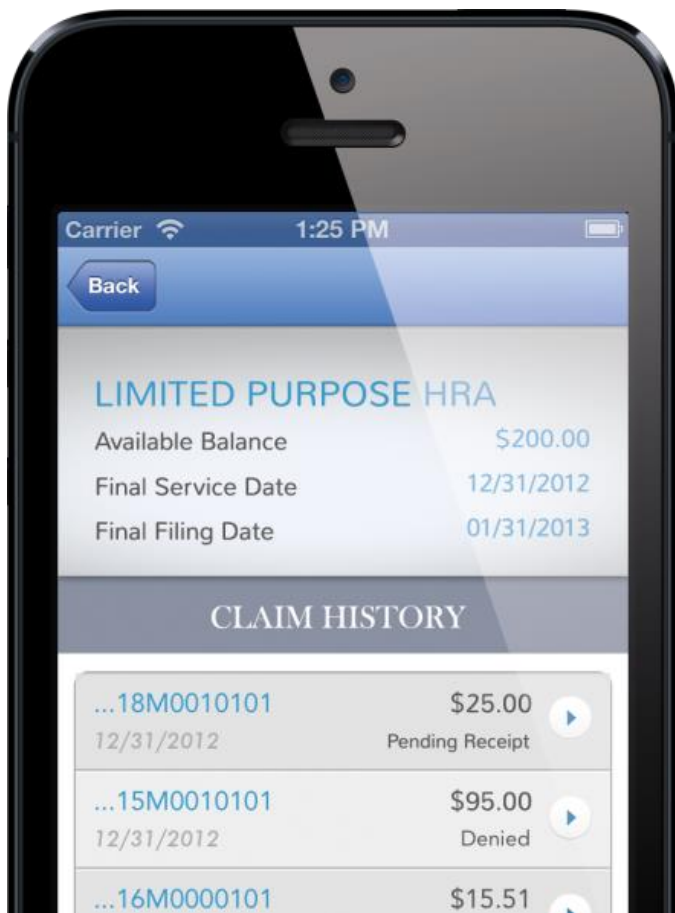

- Check current health care account balances
- View account activity and receive alerts via text message
- View HRA transaction details
- File new claims with receipt images
- Review expense information
- Enter a new expense
- Submit health care claims and upload receipts using the mobile device's camera
- Manage expense receipts
- Promptly file claims for their reimbursement accounts

The HRA Benefits app provides you with seamless account access since it is an extension of the CompuSys of Utah Inc. consumer portal – and doesn't require you to setup any additional credentials. Now by using your smartphone you can assess your HRA account balances, and you'll know how much money you have available to spend on qualified medical expenses at the time of purchase.
